Subject: Final Cadmium Criteria Document for Review

Please find attached the final cadmium criteria document for your review. There are two documents attached, a clean version of the final criteria document (Final Cadmium Aquatic Life Ambient Water Quality Criteria) and a comparison version (Final Cadmium AWQC to Draft Comparison). For the comparison version, we used document compare to highlight changes that have been made to the document following both the public review and the final agency work group review.

Please let me know if you have any questions.
